My dear Mother

The little draw-

ing of the thrushes nest

was very clever and funny.

I have got my school cap
 now it is red with a crest
 like this  (in yellow) in front
 very pretty. I had a little
 cold last ~~thurs~~ tuesday

but Mrs Lancaster only kept me in a day and I had a sort of throaty cough that you never like  but I'm nearly all right now thanks to the throat paintings (inside) and Lynxus school is getting on all right nothing much to tell you

Dr. Jupo gives us exam every week (offul fun) and the one that got most marks was top of the form for a week I came out amongst the top for writing

but I didnt make blots like this, I find lessons more fun in a class but just about as easy as by myself. I am doing

Don Quixote in water colour charging the sheep I cant think of anything else to say so
Goodbye hoping you are

quite well
from your loving
son

Brian

↖ I don't
know what kind
of bird this is, I
have seen it about
swarsea

two kinds of sheep I have
seen which do you like
best. (I think I know)
