2441. No I Troop

A. Squadron

Worcestershire Yeomanry

St Anne's Coffee Tavern

King's Lynn

Norfolk

Jan. 31st - 1915.

My dear Old Dad

just a line in
haste to say I have had
the offer of a commission
in the Leicestershire Yeomanry.
Old Raper recommended me
apparently. He is a good old sort.
I have written to ask what
the expenses are likely to be
before clinching. If they are
not very much beyond my pay
I think I ought to risk it,
as the pay will be accumulating
when I am abroad & will

probably counterbalance them or more.

A 2nd Lieut. gets 8/6 per day
with messing allowances etc 12/6
while in England at present.

Kit allowance £50.

I can draw horses & saddlery etc
from the army stores for use.

They would be quite good enough for
me.

I will let you

know the developments.

There is no news. I've got

the usual cold that everyone has
got. I seem to be on

guard about every other night now.
With much love. In haste.

Brian
