My dear Mother

What do you think of the R.V.S. result this year? I never expected anything like it; for in my own mind I didn't think I had improved much. I have been out playing Golf with Mrs L. almost every day since I've been here. The first

Winchester House

time Mrs L. Gave me 2 a hole, of course I beat her hollow. so thinking that was not good enough she gave me 1 a hole, so I beat her 2 up next time all square & next time 3 up. so now we play all square & this morning I beat her 1 up for 10 holes. It was blowing great guns the other night, & the sea was magnificent. This place is all windows & ventilators in fact there is quite as much

air indoors & as out. in short it is a veritable open air treatment place. I am expecting to see you all when I come home which will be about Wed. I think. Has Dad tried Vash's for a pony he generally has plenty in; if however he can't get any other I shall be quite content with ~~rather~~ Gresswells. by the way I think Charlie Powell has rather a nice little animal. So now ta-ta heaps of love & kisses

from your
loving son
